Tyres for agrotechnics

V katalógu kolies ponúkame pneumatiky s povolenou šírkou ráfiku, podľa ktorej si v sekcii disky vyberiete disk s požadovanými technickými parametrami.

Radi Vám potom zašleme ponuku na dodávku kompletných kolies priamo ku Vám. Pokiaľ ste v našom katalógu nenašli požadovaný rozmer, neváhajte nás kontaktovať.

Our wheels catalog offers tyres with allowed rim width based on which you can choose your steel or alloy wheels with desired technical parameters from the wheels section.

We are then pleased to send you an offer for delivering completely assembled wheels right to your door.

If you cannot find required size of a tyre, an alloy or a steel wheel in our catalog, do not hesitate to contact us.
